

My Friend

© 2017 Rod Hess

Our friendship was forged a long time ago,
and has withstood the test of time.
And, as “*life*” continues to happen each day,
know that ***you*** are often on my mind.

We made many memories in the good old days,
and recalling them brings a smile to my face.
I am truly blessed to have a friend like you,
because you make my world a much better place.

So, know that I am always here, my friend,
if I can help you in any way.
And, we’ll make a few more special memories,
that we can cherish for the rest of our days.

.....

You have met many people throughout your life. However, there are very few that would qualify as a true friend in your eyes. This is the individual(s) with whom you share a timeless bond of trust, camaraderie, respect and unconditional love. The Light of Inspiration is a unique way to offer a heart-felt tribute to that very special friend in your life.

*** For use at reunions and special gatherings of life-long friends.**

*** When given as a gift, enclose a framed picture of yourself and your special friend(s) to be placed beside the light as a reminder of that special bond you share.**
